CERTIFIED MAIL NO. 7019-0140-0001-1288-1072

Dear Rep. Mortensen:

Thank you for showing an interest in the plight of prisoners of psychiatry and victims of psychiatric assault such as Charles Helmer, who is now being subjected to involuntary, forced electroconvulsive brain-damaging (called “shock treatment” or “electroconvulsive therapy”) in Minnesota.

Enclosed you will find:

“No One Should Be Given Shock Treatment” by psychiatrist Peter Breggin, M.D., (pamphlet) saying this “treatment” works “by damaging the brain”

and the following written by me:

- “Psychiatry’s Electroconvulsive Shock Treatment: A Crime Against Humanity” (pamphlet)
- “Psychiatric ‘Medications’ are Poisons” (pamphlet)
- “Does Psychiatry Have Therapy?” (pamphlet)
- “Does Mental Illness Exist?” (pamphlet)
- *Why Psychiatry Should Be Abolished as a Medical Specialty* (booklet)

Civil commitment is a violation of America’s promise of liberty.

Respectfully,

Wayne Ramsay
